October 4 - 6, 2023 • Memorial Sloan Kettering Cancer Center • New York, USA

## INVITATION

Dear Colleagues,

Building on the success of previous meetings, the Conference will feature invited lectures, poster sessions and oral abstract sessions. There will be educational sessions targeting practicing physicians with CME as well as scientific sessions highlighting the newest developments in thymic tumors.

ITMIG's goal is to facilitate close interaction between sponsors, exhibitors and delegates, and to make it more personable, thereby initiating communication between industry and clinicians/scientists. **We want you to be part of our family.**

Industry partners and technical exhibits continue to be an essential part of our meeting's success. Thank you for considering our request for sponsorship and participation, we look forward to receiving your commitment. If you have any questions, please contact Lauren Johnson, [ljohnson@veritasamc.com](mailto:ljohnson@veritasamc.com) or 847-752-5920.

Sincerely,

Lauren Johnson  
Account Manager-Industry Relations  
PCPLC

**October 4 - 6, 2023 • Memorial Sloan Kettering Cancer Center • New York, USA**

## PURPOSE

Building on the success of previous meetings, the Conference will feature invited lectures, debates, poster sessions and oral abstract sessions focusing on topics such as paraneoplastic and immune disorders associated with thymic malignancies, establishment of cell lines from thymic tumors, development of gene signatures to determine prognosis, multimodality treatment of thymoma and thymic carcinoma and emerging drug targets and the role of targeted therapy in the treatment of these cancers.

## WHAT IS SO SPECIAL ABOUT ITMIG?

Unlike other larger meetings, ITMIG's goal is to facilitate close interaction between sponsors, exhibitors and delegates, and to make it more personable, thereby initiating communication between industry and clinicians/scientists. We want you to be part of our family.

ITMIG does not only provide you access to people interested in thymic disease, but to people who are active and KOL in the thoracic space in general. ITMIG is very proud to welcome a high number of key opinion leaders and people in leadership positions at their institutions (division chiefs, department chairs, program leaders, etc.) as attendees to their annual meetings and as members within their organization. But it is not only access to people active in their field that you will gain, it is also access to a whole international community and network of such people that in our belief will be beneficial to you far beyond the meeting itself.

Being a fairly small meeting, we are able to provide a more intimate environment that fosters free exchange of ideas and building personal relationships. We strongly encourage all sponsors and exhibitors to actively participate in the sessions as well as networking activities such as the Welcome Reception.

October 4 - 6, 2023 • Memorial Sloan Kettering Cancer Center • New York, USA
